

Empowering young women in
Science, Technology, Engineering and Maths.

NATIONAL WORKSHOPS

During the month of December, our national teams had the opportunity to facilitate the workshops they prepared. It was an amazing opportunity to inspire young women to follow STEM paths and to earn some inspiration while clarifying some doubts that they might have had.

OUR WEBSITE

Explore the STEMpower website and access a variety of free, ready-to-use materials designed to help educators inspire students in STEM fields. From engaging workshops to hands-on activities, our resources make it easier to spark curiosity and passion for science, technology, engineering, and math in the classroom.
